Bærum Elveforum

presenterer

A diagram illustrating a watershed in Bærum. The background is split into a green upper half and a light blue lower half by a dark grey diagonal line. A yellow circle with a black outline is positioned on the diagonal line. Three purple lines originate from the circle: one goes vertically up, one goes diagonally up and to the left, and one goes diagonally up and to the right. The text 'Bærum Elveforum' is in the top left, 'presenterer' is in the top right, and 'Vassdragsleden i Bærum' is in the middle right.

... Og mange flere

The diagram illustrates a water distribution network. A central yellow circle, representing a water source or treatment plant, is situated on a diagonal line that separates a green upper region (land) from a light blue lower region (water). Several purple lines, representing water pipes, radiate from the yellow circle. One pipe extends vertically upwards, another extends diagonally upwards and to the left, and a third extends diagonally upwards and to the right. The text '... Og mange flere' (... And many more) is positioned to the left of the yellow circle, indicating that there are many other pipes in the network.

# Vassdragsleden i Bærum

- Mål: Etablering av smale stier langs alle våre vassdrag
- Ambisiøst prosjekt
- Fra Bærums by og trafikk-knutepunkt Sandvika: Utgangspunkt for vassdragsturer helt ut i marka
- Biomangfold, friluftsliv og folkehelse
- Bærum Elveforum, lovverket, politikerne og BK-adm er på lag
- Bidrar til å oppfylle Vannforskriften (EU's vanndirektiv)

# Vassdragsleden i Bærum

Takk for oppmerksomheten ...
