LIONS CAMP
IMAGINE PEACE
NORWAY

For a better world!

Camp Imagine Peace started in 2011 after the terror attack at Utøya Island. This is one of the sites we will visit during the camp.

The students at the ongoing youth camp in Norway at that time really wanted to help. They showed compassion, care and love for all of these people, these strangers from another country, and most importantly, they showed us that we are all equal humans no matter where we originate from.

The purpose of our camp is to make friends across the borders, across religions, political views and different upbringings. It's to help the youth - the future - to understand that we cannot all be branded as a person by the things we might identify ourselves with, but by the heart and soul inside, as an individual.

Activities

We visit sightings in Norway/Østfold/Akershus that have helped our country to where we are today, parts of Norway's everyday life and culture.

This means there will be both outdoor activities and guided tours at historic sights.

At the end of the camp the students will perform in "The Final Show" for the host families in which the students are free to show something from their own country, or another talent they have.

We encourage the students to bring an instrument or check if their instrument might be available at the camp.
